

What our clients say about us...

"In difficult times it is not only imperative to receive the most prudent and salient guidance from ones solicitor but also to feel that you are more than just another 'case'. My experience of Selena in her role at Colemans was that of a solicitor who not only provided clearly presented information regarding the legalities of my position but also a warmth delivered with empathy and an understanding of my personal and individual situation. I have recommended Selena to friends and will continue to do so." - Family Law client

"Elizabeth, I feel relieved that this is completed and I would like to thank you for all you work and advice and also form being a 'down to Earth' solicitor, that puts things across and explains in a normal way. It is not an nice part of anyone's life to go through, but I can say you have made it so much easier." - Family Law client

"I would like to take this opportunity to express my gratitude to Selena Ludick in the way she has made an unpleasant Court hearing bearable. Selena made me feel confident in her abilities and at ease with her sensitive approach. I was kept informed at every stage of the process by letter and telephone. After eight years of Court hearings and numerous solicitors I would recommend Selena and your company for the service I have received." - Family Law client

"During 2012/2013 Elizabeth was able to guide me through the complex divorce processes generated by my marriage breakdown. Elizabeth's advice and guidance was extremely efficient and professional but it was her personal attention to my individual situation that give me the confidence and the satisfaction in the knowledge that I had chosen the right person and company to deal with my circumstances." - Family Law client

"I have always found Selena to be very professional and thorough in her dealings. I would recommend her and her firm." - Family Law client

"I just want to say a huge thanks to Elizabeth for your help with my decree nisi. I have had the pages sent back from the district judge and they said that everything has gone through fine and that I can apply for the decree absolute in 6 weeks and 1 day. Thank you for being professional yet friendly, I have had to deal with so many unhelpful rude people along the way so it was a pleasure meeting you. If any of my family or friends need a solicitor I would full recommend you and Colemans to them." - Family Law client
